Fire alarms are sounded by the lower bell reporters, accompanied by striking the name of the alarm, and the name of the fire in this manner. If for any reason there is a short delay in sounding the alarm, and repeated, thus, 1-1-1, 1-1-1, etc., it is a signal to all firemen within the district bounded by 10th, Ninth, Jackson and Grinnell streets.

The alarm is sounded, followed by the number of the signal after each successive alarm, as the second alarm, for a serious fire.

Third alarm, followed by 1-2-1-2, and so on, for a very dangerous fire, and signals the entire department with a shout of alarm.

Two whistles, slowly indicated, thus, oct.-oct., from major to minor, for fires out of town.

Three whistles, rapidly indicated, thus, three times, for fires north of town.

Burns are absolutely painless when Dr. K. Jones' Witch Hazel Salve is promptly applied. This statement is true. A perfect remedy for skin diseases, chapped hands and lips, and never fails to cure piles.

J. K. JONES

manager didn't manage as they think he should have done. He wanted to dance "square dances" and they wanted to dance "round dances," and there came near being a collision on account of this difference. The objectors say that if the same floor manager is retained next time they'll not play.

UNDER HAMILTON HALL.
That Water in the Cellar Causes a Break
of the Peace.

Dr. W. C. Hamilton had Mr. A. L. Snyder, the plumber arrested in Cheyenne's court today for disturbing his peace, and it is all about the water in the basement of Hamilton hall which disturbed the peace of city council, city engineers and state commissioners last summer. Captain Mr. Snyder has been the plumber engaged to repair the leak and empty the cellar of water, but the underground river or the broken watermain, or whatever the cause, has been, has not been wholly remedied.

By some misunderstanding Mr. Snyder went to work in the basement of Hamilton hall yesterday and the doctor ordered him to get out. He says he refused to do so and Dr. Hamilton went after Col. Landay to have Snyder arrested. The chief refused to take any action in the matter as it was a civil case involving a contract and he advised the doctor to get out an injunction. He got a warrant instead. Dr. Hamilton had given his plumbing work to another firm.

WILL LEAVE TOPEKA.
Charles Moran Will Not Bother His Wife
Any More.

Charles Moran, the north side man whose brutality toward his wife and subsequent "attempt" to take his life by drinking ten cents worth of carbolic acid, was taken before Justice Grover last night on the charge of disturbing his wife's peace. His wife had the suit brought as a measure of protection, fearing an assault at his hands. She declined after consultation with the county attorney on a compromise of the case, Moran agrees to leave Topeka forever and make his wife no further trouble, with this understanding his case is concluded thirty days and he is out on his own recognizance. If he makes any further trouble the suit now pending against him will be renewed.

LOCAL MENTION.

Eugene V. Debs has a long editorial in the February number of the Progressive Fireman's Magazine complimenting Gen. Lewelling on his campaign circular.

D. T. Palmer of Topeka, state organizer of the Knights and Ladies of Security, installed a council of 58 charter members at F. Scott Tuesday night.

Miss Lulu Clay's Calico Galaxy company, under the direction of Sam J. Clark, is booked for the Grand opera house next Wednesday, February 13th.

Dose May Sutherland petitioned the district court today for a divorce from Frank M. Southward, alleging cruelty. She says he got drunk and beat her with a coat shovel.

Revival services will begin at the Cumberland Presbyterian church, corner Polk and Huston streets, on Sunday night at 7:30, and continue two weeks longer. The services are in charge of Rev. J. H. Steck.

Pension Agent Glick this morning received a letter from a Bird City man whom he does not know and never heard of, asking for a pass to Topeka. He thanked the pension agent in advance and asked him to make the transportation good for thirty days.

It Should be Appreciated.

Up to the present season it should be borne in mind that no coal fit for use could be gotten in Topeka for less than \$1.00 per ton. Now you can get a good article of coal for \$0.60 per ton, and the very best in the market for \$0.50 per ton.

THE SOUTHWESTERN FUEL COMPANY.

New Line to California.

The Rock Island now runs daily a through tourist sleeper from Topeka to Los Angeles and San Francisco—via Ft. Worth and El Paso. This the southern route, is free from snow blockades.

The round trip rates of \$10.50, good until July 15, and \$10.00 are the lowest.

For additional information call on or address

H. O. GAGEY,
City Passenger Agent.
